

PHYSICIAN ENGAGEMENT ORG DETAILS

The Org Details page allows you to view all the information about each specialty/group in your hierarchy.

Report Group	Engagement Indicator	vs. Et Overall Organization	vs. Et Nat'l Physician Avg 2019	Alignment Indicator	vs. All Overall Organization	vs. All Nat'l Physician Avg 2019	Respondents	Rollup
Overall Current Group	4.05	0.00	+0.01	3.54	-0.00	-0.11	884	*
Anatomic-Clinical Pathology	4.47	+0.42	+0.43	3.89	+0.35	+0.24	16	
Anesthesiology	3.98	-0.07	-0.06	3.52	-0.02	-0.13	101	
Anesthesiology Pain Management	-	-	-	-	-	-	Too Few Responses	

Navigating the Hierarchy

To navigate through all the specialties/groups in your hierarchy, you have a couple of options on this page, which are explained below.

EXPANDING THE REPORT GROUP

Clicking the down icon next to the word “Overall” allows you expand and contract the hierarchy in the center of the screen. This makes it possible to view specialties/groups in a format similar to the hierarchy export.

You can also use the green buttons at the top of the screen to expand all specialties/groups or collapse all specialties/groups. Selecting to expand all units will expand all specialties/groups in the hierarchy; it will not remove rollup groups.

Report Group
▼ Overall Current Group
Anatomic-Clinical Pathology
Anesthesiology
Anesthesiology Pain Management

Selecting to collapse all units will collapse the tree back down to the top level.

Explanation of Table

The table displays scores for each specialty/group. You'll see the Engagement Indicator score for each specialty/group, the difference of the specialty/group score from the overall organization, and the national average comparison.

Engagement Indicator	vs. EI: Overall Organization	vs. EI: Nat'l Physician Avg 2019
4.05	0.00	+0.01
4.47	+0.42	+0.43

Next, you will see the Alignment Indicator score for each specialty/group, the difference of the specialty/group score from the overall organization, and the national average comparison.

Alignment Indicator	vs. AI: Overall Organization	vs. AI: Nat'l Physician Avg 2019
3.54	0.00	-0.11
3.89	+0.35	+0.24

The Respondent Count indicates the number of respondents in each specialty/group.

The Rollup column indicates when a specialty/group includes all individuals who roll up to that specialty/group. The respondent count for a Rollup will include all individuals in specialties/groups that may fall below that specialty/group in the hierarchy. A group marked as a rollup can be expanded to show all groups under it.

RANKING VIEW

Finally, the Ranking View will show you a flat list of specialties/groups in the hierarchy. Ranking view organizes these specialties/groups in a ranked order based on the item chosen in the Ranking Item dropdown menu. This dropdown menu includes all items on the survey, as well as all metrics, domains, themes, and modules. The default will be lowest score to highest score, but you can sort to show highest to lowest by clicking the column header.

Bariatric Surgery	11	

Sorting by Columns

To sort by the columns in the table, you can use the *Sort by Columns* toggle to turn this feature on or off.

When you turn this feature on, you will be shown a flat list of specialties/groups that does not include any rollups. You will then be able to click the header of each column to sort by largest to smallest or vice versa for score columns, or alphabetical order for the Report Group column.

Hide Too Few

To hide data when there are five or fewer responses, check the Hide Too Few checkbox.

Add Columns

Use the Add Columns option to add additional information to the Org Details displayed. Make your selections and Apply Selections. Note that additional columns may need to be displayed on additional pages. Exporting to CSV will be the best way to view additional columns.

Searching

The Search feature can be used to search the page for keywords. Type any words you'd like to find into the search field.

In your search, you can choose to show 25, 50, 100, or 200 specialties/groups on a page at a time.

Exporting to CSV

The entire page can be exported to CSV by clicking the Export to CSV button.
